

Blackhawk

Retention Holster Specification Sheet

BELT CLIP ATTACHMENT

#15050

- ✓ Attaches with a belt clip. Also available in MOLLE and Thigh Rig mounting configurations.
- ✓ Auto Lock™ technology secures the BolaWrap 150 in a holster during normal activity when re-holstered correctly.
- ✓ Auto Lock™ position allows you to draw the device normally with the index finger sliding from the holster body to BolaWrap 150 frame in a single movement.

MOLLE ATTACHMENT

#15051

- ✓ All models are molded from a durable, resistant blend of proprietary impact-modified nylon for low maintenance and high performance in all environments.
- ✓ Each holster is shipped with a quick detach adjustable belt loop for easier transfer of the device.
- ✓ Metal hardware on all models is either stainless steel or brass for all-weather performance.

THIGH RIG ATTACHMENT

#15052

Warning

This device can result in serious injury if not used as instructed. Obey warnings, instructions, and all laws. Comply with current training materials and use of force policies.
